DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-2 and 7, drawn to conducting a setting change of the mobile device in according with an e-mail, classified in class 455, subclass 412.1.
 - II. Claims 3 and 6, drawn to conducting a setting change of the mobile device in according with a subscriber ID, classified in class 455, subclass 410.
 - III. Claims 4 and 8, drawn to changing a main part of an IC card mounted to a mobile device in according with an instruction in an email, classified in class 455, subclass 412.2.
 - IV. Claims 5 and 9, drawn to informing a subscriber ID to a mobile communication entrepreneur in order to change a setting for the mobile device, classified in class 455, subclass 411.

2. The inventions are distinct, each from the other because of the following reasons:

Inventions I, II, III and IV are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention II has separate utility such as conducting a setting change of the mobile device in according with e-mail, invention III has separate utility such as V, invention IV has separate utility such as informing a subscriber ID to a mobile communication entrepreneur in order to change a setting for the mobile device. See MPEP § 806.05(d).

Art Unit: 2681

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

4. A telephone call was made to H.J. Staas on 05/25/05 to request an oral election to the above restriction requirement, but examiner cannot reach the attorney.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to David Q Nguyen whose telephone number is 571-272-7844. The examiner can normally be reached on 8:30AM-5:30PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Moise Emmanuel can be reached on (571) 272-3865. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
